With reference to Order No. ⁴ 6514-5 dated

7th Nov 8 - 1900, I have the honour
to refer you once more to Rule 9 of
Notification No 3168 dated 14th Decr
1887 relating to scholarships for mu-
hammadan which I quote below

"9 The case of any Muhammadan
State pensioners deserving of special
consideration will be dealt with under
the rules of this date relating to scholar-
ships to members of the more important
Pallegar families" This rule can only
mean that Pallegar scholarships which

(13)

are of higher rates than Muhammadan scholarships when not utilised for sons of Pallegars may be given to sons of Muhammadan State Pensioners. In accordance with this rule Pallegar scholarships have been given to the sons of the Peer-zada who is a direct descendant of the family priests of Hyder Ali and Tipu Sultan. The Uncle of the Peerzada, Hazari Shokhunn Ahamed Shuttari Sahib, is the present High Priest of the Muhammadans. The Peerzada is not literally a State pensioner but he holds a Jagir of his own in the Salem District and his uncle has also a Jagir and Inam. The Peerzadas sons were recommended to me for Pallegar scholarships by Mr Rice and Mr Abdul Kareem, Deputy Conservator of Forests. The latter represented to me that any encouragement given to the Peerzada's sons by way of scholarships in English schools would give a great impulse to the spread of English education among Muhammadans. The example of sons of the High Priests family learning modern

Education would greatly popularise, among
Muhammadans For these reasons I have
been for some years giving the sons
of the Peerzada Pallegar scholarships

they should not be given they will be

Sir

With reference to Order No 17904-3 dated 20th February 1901
~~107 15-96~~

I have the honor to inform you that my predecessor in office used to give vacant Pallegar scholarships to sons of Muhammadian States persons deserving of special consideration. When I entered upon my duties as Education Secretary in April 1899 I found that two Muhammadian students had been in receipt of Pallegar scholarships from August 1897 and that one Muhammadian student had been given a Pallegar scholarship from March 1900. Since the institution of Pallegar scholarships the number of Pallegar applicants has been decreasing gradually while the applicants for Muhammadian scholarships have been steadily increasing in number. It has thus happened that in 1900 fifteen vacant Pallegar scholarships were given to Muhammadians of good families. The sudden withdrawal of these scholarships in accordance with the G.O. referred to above when I revise the list of

(22) scholars for the current year will be unpopular. Considering that the interpretation put by me on Rule 9 of Notification No 3183 dated 14th Dec 1900 is the same that was placed on it by my predecessor, and that the rule has been so interpreted for the last 14 years, I request Government will be good enough to reconsider the Order quoted above, and revise Rule 9 in conformity with the long established practice. I would suggest that the rule may be modified as follows

When scholarships intended for the sons of Pallegar pensionaries are not availed of by them, the claims of the sons of Muhammadan State Pensioners deserving of special consideration to the vacant Pallegar scholarships will be considered.

2 I shall be glad if Government will be good enough to give at early date their approval to the above modification of Rule 9, as I have to revise the lists of Muhammadan and Pallegar scholars for 1901 before the end of this month.

CNo 216-73 Education Department Dated 14th January 1902 and (5)

Sl no 6

Order CNo 2^X-33 dated 20th July 1892

2 Several of the rules made in 1887 had become obsolete
even before I entered upon my office as Education Secretary in
April 1890 The position of the Head of the Education Depart-
ment as Secretary enabled him to obtain instructions from the
Dewan which were often verbal and to issue orders based upon such
instructions Almost from the commencement the rule of giving
only one scholarship in a particular class or classes of a Govern-
ment school or College was set aside as in practice it was found
that some Government schools had more than one eligible candidate

(21)

candidate in a particular class or classes and other schools had none.

Then again the original rules of 1887 did not contemplate the giving of the scholarships in Aided Institutions which was hardly fair to these Institutions and was contrary to the principles laid down by :

Education Commission The number of High School classes or Forms has since 1887 been increased from 2 to 3 in accordance with the Madras

Educational Rules A practice has also grown up to grant in lower classes scholarships which were unutilised in the High School Forms

both for Pallegars and Muhammadans The tenure of the scholarships which was fixed at two years originally was altered to one year and a revision of the scholarships at the beginning of each year according to the results of Public Examinations and promotions was found necessary

Lastly the interpretation put by Government Order No 128^x28/EdF13-96 dated 29th March 1901 on Rule 9 of Order No 3168 dated 14th December 1887 necessitates a recasting of the rules of Pallegar and Muhammadan scholarships

3 Accordingly I propose a fresh set of rules to meet the present conditions of both kinds of scholarsnips and request that the new rules may be sanctioned at an early date as the scholarships of the current year have to be awarded soon

According to the revised rates of scholarships sanctioned by Order C No 246-53 ^{x Rm 4} Education Department dated 14th January 1902 the monthly cost of Muhammadan Scholarships is Rs 86 and that of ~~the~~ Pallegar Scholarsnips Rs 108 As Government do not approve of the unutilised Pallegar scholarships being given to Muhammadans belonging to

(u)

to the families of State Pensioners who deserve special consideration I submit proposals for a fresh distribution of funds between the two classes of scholarships During the last five years out of an average number of 24 Pallegar scholarships only 11 were given to sons of Pallegar Pensioners for want of applicants for more and 13 were given to sons of Muhammadan State Pensioners deserving of special consideration I would therefore propose the reduction of the provision for Pallegar scholarships from Rs 108 to Rs 70 and the increase of the provision for Muhammadan Scholarships from Rs 80 to Rs 120 I would also have under Muhammadan Scholarships a scale for ordinary scholarships and another for special scholarships the latter being the same as for Pallegar scholarships This proposal will remove the anomaly of Muhammadans enjoying Pallegar scholarships
